DETAILED ACTION

Allowable Subject Matter

Claims 1-18 are allowed.

Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Applicant's remarks filed on May 29, 2007, with respect to the rejection of claims 12, 17 and 18 under 35 U.S.C. § 101 have been fully considered and are persuasive. The rejection of the claims has been withdrawn.

As to independent claims 1, 8 and 11, the prior art of record, taken alone or in combination, fails to disclose or render obvious the claimed invention for the reasons set forth on pages 3 and 4 of the previous Office action.

As to independent claim 12, the prior art of record, taken alone or in combination, fails to disclose or render obvious a method of detecting a reinforcing member within a laser-irradiated interaction region of a structure comprising a first material and the reinforcing member embedded in the first material comprising the steps of selectively adjusting the drilling in response to the indications, thereby avoiding substantially damaging the reinforcing member, in combination with the rest of the limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
